Untitled No. 1 accepts Applications without requiring an application fee. However, as is customary in applying to schools, a parent/guardian site visit-tour is required to process an Application for admission. This is done in order to help families determine if the preschool is the right fit for them. We can schedule a private conversation as well to allow plenty of opportunity to address your specific interests and questions.

If we are able to offer you admission, a deposit amount of \$650 will be due with signed Admission Agreement within

2 business days.
